**MINNEAPOLIS LABOR UNION DELEGATION AND LOCAL REGIONAL LABOR  
BODIES ENDORSE JANUARY 23: DAY OF TRUTH AND FREEDOM  
NO WORK, SCHOOL, OR SHOPPING**

MINNEAPOLIS – The Minneapolis Regional Labor Federation, AFL-CIO along with regional bodies throughout the state, including the Saint Paul Regional Labor Federation, the West Area Labor Council, the North East Area Labor Council and the East Central Labor Council, have joined in solidarity to endorse a powerful unified statewide action on January 23: Day of Truth and Freedom. The Minnesota labor movement is united against the violent ICE occupation of our beloved cities that has directly impacted union members, our workplaces and our families.

Workers are essential for our communities to function. Since the ICE campaign of terror began, both immigrant and non-immigrant workers have feared for their safety when going to work, being at work, and coming home from work. Union members and our families are being illegally detained at alarming rates, with workplaces and schools facing increased challenges.

**Chelsie Glaubitz Gabiou, President of the Minneapolis Regional Labor Federation, AFL-CIO, shared why union federations are joining this call:**

“Working people, our schools and our communities are under attack. Union members are being detained commuting to and from work, tearing apart families. Parents are being forced to stay home, students held out of school, fearing for their lives, all while the employer class remains silent. Our labor federations are encouraging everyone to participate on January 23rd. It’s time for every single Minnesotan who loves this state and the notion of truth and freedom to raise their voices and deepen their solidarity for our neighbors and coworkers living under this federal occupation.”

Unions join the demands for the day that call for:

- ICE must leave Minnesota now.
- The agent who killed Renee Good must be held legally accountable.
- No additional federal funding for ICE in the upcoming Congressional budget and ICE be investigated for human and constitutional violations of Americans and our neighbors.
- Minnesotan and national companies to become 4th Amendment Businesses — cease economic relations with ICE and refuse ICE entry or using their property for staging grounds.
